

## Family FAQs

April 15, 2021

**Q. What will the weekly schedule look like as students begin the Two-Day Blended Learning model on campus?**

**A.** Students will attend school two days each week on campus and will attend classes from home the other three days. See the visual for the week at a glance schedule.

### 2-DAY BLENDED LEARNING SCHEDULE

	Monday Periods 1-6 Asynchronous	Tuesday Periods 1-3-5	Wednesday Periods 1-3-5	Thursday Periods 2-4-6	Friday Periods 2-4-6
ON CAMPUS	No Students on Campus	<b>Cohort A</b> 40 minutes of live instruction per period followed by asynchronous learning	<b>Cohort B</b> 40 minutes of live instruction per period followed by asynchronous learning	<b>Cohort A</b> 40 minutes of live instruction per period followed by asynchronous learning	<b>Cohort B</b> 40 minutes of live instruction per period followed by asynchronous learning
AT HOME	30 Minute Weekly Lesson	<b>Cohort B</b> 40 minutes of live instruction per period followed by asynchronous learning	<b>Cohort A</b> 40 minutes of live instruction per period followed by asynchronous learning	<b>Cohort B</b> 40 minutes of live instruction per period followed by asynchronous learning	<b>Cohort A</b> 40 minutes of live instruction per period followed by asynchronous learning

\*DLA & VHS MAY HAVE AN ALTERNATE SCHEDULE

**Q. What is the benefit for returning to campus?**

**A.** On-campus students may receive additional support and conduct hands-on learning such as science labs, art projects, career technical projects, physical fitness, and more! Off-campus students continue to follow the class assignments, with live virtual instruction at the beginning of each period followed by asynchronous time to complete class assignments so they are ready for class the next day.

\*Parents/guardians, please remember students are in school all day long, 8:30-3:15 p.m., whether they are on campus or not. Thank you for helping to reduce distractions so they may focus on learning.

**Q. What is the screening process for students each day?**

**A.** There are multiple layers of screening for the safety and health of all students and staff:

1. The screening process begins at home. If the student exhibits any [symptoms of COVID-19](#), please stay home and notify the school. Follow our [Decision Tree](#).
2. Students will next be cleared through a temperature and screening check station before entering campus. Any student exhibiting COVID-19 symptoms or who has a temperature of 100.0 degrees or higher will be sent home.

**Note:** Parents/guardians should answer their phones during school day and be prepared to pick up any student who becomes ill.

**Q. If my student has a diagnosed medical condition that appears as COVID-19 symptoms, how do I notify the school?**

**A.** Students with any pre-existing conditions that may mimic COVID must present a [Chronic Illness Verification form](#) completed by a medical professional. Please turn in the completed form to your student's school site health office staff.

**Q. Do I need to bring my laptop to school when I return in the Two-Day Blended Model, beginning April 20?**

**A.** Yes, please bring your charged laptop with you to school each day.

**Q. Will students be social distancing in class and on campus?**

**A.** Yes, in the classroom, space will be maximized between student desks. Student chairs will be at least 6 feet away from one another, except where 6 feet of distance is not possible after a good-faith effort has been made. Under no circumstances should distance between student chairs be less than 4 feet. In other areas on campus, visual cues are provided as reminders for individuals to practice social distancing and keep 6' distance from others.

**Q. What are the plans for graduation?**

**A.** We are confident that we will hold an in-person graduation for the class of 2021. School teams are planning details and will be sharing more information in the near future.
