COURSE DESCRIPTION: The goal of the Naval Junior ROTC program is to develop responsible and informed citizens and to encourage self-discipline, patriotism, and a high degree of personal honor. Students not residing in the Orange Glen assignment area will be granted an intra-district transfer and will take all classes at Orange Glen. Transportation to and from school will be the students’ responsibility. All uniforms and equipment are provided at no cost to the student. Students completing Naval Science I and II satisfy the District’s requirement for World Cultures. Students completing Naval Science I and II satisfy the District’s requirement for one semester of Physical Education.

Note: ROTC does not meet the California State and University of California social science requirements for freshman college admissions. Students should meet with their high school counselors for academic planning.
