2022/2023
INJURY AND ILLNESS PREVENTION PROGRAM
ASSIGNMENT OF RESPONSIBILITY (Title 8 California Code of Regulations §3203(a)(1))

EUHSD’s lead Injury and Illness Prevention Program (IIPP) Administrator is:
Anne Staffieri, Superintendent
302 N. Midway Dr., Escondido, CA  92027
(760) 291-3201

EUHSD’s Co-administrator for our IIPP is:
Courtney Goode, Assistant Superintendent, Human Resources
302 N. Midway Dr., Escondido, CA  92027
(760) 291-3281

➤ This IIPP applies to all schools within our district.

➤ Each school in our district has been assigned a safety supervisor. School-site safety supervisors are responsible for implementing and maintaining this IIPP at their school sites and for answering employee questions about the district’s IIPP. Each school-site safety supervisor has a copy of this IIPP. Please refer to Form A, located at the end of this plan for list of the district’s school-site safety supervisors who will implement and maintain the IIPP at their school sites.

The master copy of this IIPP can be found at the District Service Center.

The IIPP may be located online at: https://www.euhsd.org/departments/business-services/risk-management-safety/

HAZARD ASSESSMENT / INSPECTION (Title 8 CCR §3203(a)(4))

Periodic inspections to identify and evaluate hazards in our schools sites will be performed by one or more of the following checked individuals:

✔ School-site safety supervisors in their school sites
✔ Our district’s IIPP Administrator(s)/SASH Coordinator(s)
✔ Accident Investigation Team
Periodic inspections are always performed according to the following schedule:

- When we initially established our IIPP.
- Whenever new substances, processes, procedures or equipment which present potential new hazards are introduced into our workplace.
- Whenever new, previously unidentified hazards are recognized.
- Whenever occupational injuries and illnesses occur.
- Whenever workplace conditions warrant an inspection.
- When we hire and/or reassign permanent or intermittent workers to processes operations, or tasks for which a hazard evaluation has not been previously conducted.

**ACCIDENT / EXPOSURE INVESTIGATIONS** (Title 8 CCR §3203(a)(5))

Investigations of workplace accidents, hazardous substance exposures and near accidents will be conducted by:

Andrea Perreault, Risk Management Specialist & Site Accident Investigator

Our procedures for investigating workplace accidents and hazardous substance exposures include:

- Visiting the scene as soon as possible.
- Interviewing injured employees and witnesses.
- Determining the cause of the accident/exposure.
- Examining the workplace and the incident for underlying causes associated with the accident/exposure.
- Taking corrective action to prevent the accident/exposure from reoccurring.
- Recording the findings and actions taken.

**HAZARD CORRECTION** (Title 8 CCR §3203(a)(6))

Unsafe or unhealthy work conditions, practices or procedures will be corrected in a timely manner based on the severity of the hazards. Hazards will be corrected according to the following procedures:

- When observed or discovered; and
- When an imminent hazard exists which cannot be immediately abated without endangering employee(s) and/or property, we will remove all exposed employees from the area except those necessary to correct the existing condition. Employees who are required to correct the hazardous condition will be provided with the necessary protection and training.

**COMMUNICATION WITH EMPLOYEES ABOUT SAFETY** (Title 8 CCR §3203(a)(3))
All supervisors are responsible for communicating with their employees about occupational safety and health in a form readily understandable by all employees. Our communication system encourages all employees to inform supervisors about workplace hazards without fear of reprisal.

Our communication system includes all of the following checked items:

A.  
✓ New employee orientation including a discussion of safety and health policies and procedures.
✓ Follow-through by supervisors to ensure effectiveness.
✓ Worksite-specific health and safety training.
✓ Regularly scheduled safety meetings.
   o Our district safety meetings for each of the school sites within the district and including Maintenance and Operations, are held on the first Tuesday of every month at 10:00 am.
      ▪ Each site holds site safety meeting, comprised of Facilities Administrator and site custodial personnel.
   o District Service Center safety meetings are held every three months on the first Tuesday of the month.
✓ Effective communication of safety and health concerns between workers and supervisors, including language translation where appropriate.
✓ Posted or distributed safety information.
✓ A system for employees to anonymously inform administration about workplace hazards. This system involves a written report sent via intra-district mail to Risk Management.

**TRAINING AND INSTRUCTION** (Title 8 CCR §3203(a)(7))

All employees, including supervisors, will have training and instruction on general and job-specific safety and health practices. Training and instruction is provided according the following schedule:

✓ When our IIPP was first established.
✓ To all new employees.
✓ To all employees given new job assignments for which training has not previously provided.
✓ Whenever new substances, processes, procedures, or equipment are introduced to the school district and represent a new hazard.
✓ Whenever anyone is made aware of a new or previously unrecognized hazard.
✓ To supervisors to familiarize them with the safety and health hazards to which employees under their immediate direction and control may be exposed.
✓ To all employees about the hazards specific to each employee's job assignment.
This training will include (but is not limited to):

- An explanation of our IIPP, emergency action plan, fire prevention plan, measures for reporting any unsafe conditions, work practices, injuries and any additional instructions that are needed.
- The availability of toilet, hand-washing, and drinking water facilities.
- Provisions for medical services and first aid, including emergency procedures.
- Proper housekeeping, such as keeping stairways and aisles clear, keeping work areas neat and orderly, and promptly cleaning up spills.
- Proper storage to prevent:
  - stacking goods in an unstable manner
  - storing materials and good against doors, exits, for extinguishing equipment and electrical panels.

Where applicable, training may also include:

- The prevention of musculoskeletal disorders, including proper lifting techniques.
- The use of appropriate clothing, including gloves, footwear, and personal protective equipment.
- Information about chemical hazards to which employees could be exposed and other hazard communication program information.
- Proper food and beverage storage to prevent them from becoming contaminated.
- For COVID-19 training topics, review the COVID Prevention Plan, found at: https://www.euhsd.org/departments/business-services/risk-management-safety/

In addition, Department Directors and Supervising Administrators provide specific instructions to all workers regarding hazards unique to their job assignment, to the extent that such information was not already covered in other trainings.

**EMPLOYEE COMPLIANCE WITH SAFETY PROCEDURES** (Title 8 CCR §3203(a)(2))

All district employees, including supervisors, are responsible for complying with safe and healthful work practices. Our system of ensuring that all employees comply with these practices includes all of the following checked practices:

- Informing employees of the provisions of our IIPP.
- Evaluating the safety performance of all employees.
- Providing training to employees whose safety performance is deficient.
- Recognizing employees who perform safe and healthful work practices.

**RECORDKEEPING AND DOCUMENTATION** (Title 8 CCR 3203(b))

Although school districts are not required to keep records or documentation of the elements of an IIPP, except the written program itself, our school district maintains the following records to help us more efficiently and effectively implement our IIPP:
Records of scheduled and periodic inspections (to identify unsafe conditions and work practices, including the names of the person(s) conducting the inspection, the unsafe conditions and the work practices that have been identified, as well as the action(s) taken to correct the identified unsafe conditions and work practices. These records are maintained for at least one (1) year.

Documentation of our safety and health training.
